- Basic understanding of software architecture principles
- Experience in building enhancements in existing architectures

6. Operating Systems & Tools:

- Comfortable with Unix/Linux or Windows environments
- Use of development tools like Eclipse, VS Code, or IntelliJ

7. Networking Concepts (Basic):

- Understanding of client-server architecture
- Knowledge of protocols such as HTTP, FTP, etc.

Academic Projects

[Project Title :

PRIVACY PRESERVING ELECTRICITY THEFT DETECTION ON BLOCKCHAIN]

- **Developed a** [Electricity theft detection schemes is consumer's power consumption data is directly input in to the detection center].
- **Technologies Used:** [Implemented the back-end using java, connecting to a MySQL database.
- Designed front-end using HTML J2ee And CSS].
- **Key Features:** [In this module, the Service Provider has to login by using valid user name and password. After login successful he can do some operations such asLogin, View All User, View All
- Datasets, View All Electricity Theft Detection by Block chain, View Electricity Theft Detection Type Results, View Consumer Age Results, View Gender Type Results.].
- Outcome: [I was achieved certificate on this project].

TRAINING AND CERTIFICATION:

- Core Java – oracle certified Associate , Java SE 8 Programmer.

- HTML and CSS Fundamentals Q spider (Certificate ID: 144569)

Eduactional Qualifications:

Qualification	School/college	Stream/Degree	Year	Score
MCA	Sri Padmavathi OF Computer Science And Technlogy	Master OF Computer Application	2024	80 %
Under Graduation	SDHR degree college	BSC	2021	77 %

Soft Skills

- Problem-Solving & Analytical Thinking
- Communication & Teamwork
- Time Management & Adaptability
- Leadership & Collaboration

PERSONAL DETAILS:

Father Name : Thummaluru Narayana
Date of Birth : 31-March- 2000
Gender : Male
Language : English, Telugu, and Hindi
